ALL

Year round

sometimes in spring or summer to check wind speeds.

I don't use it.

when I am working on projects

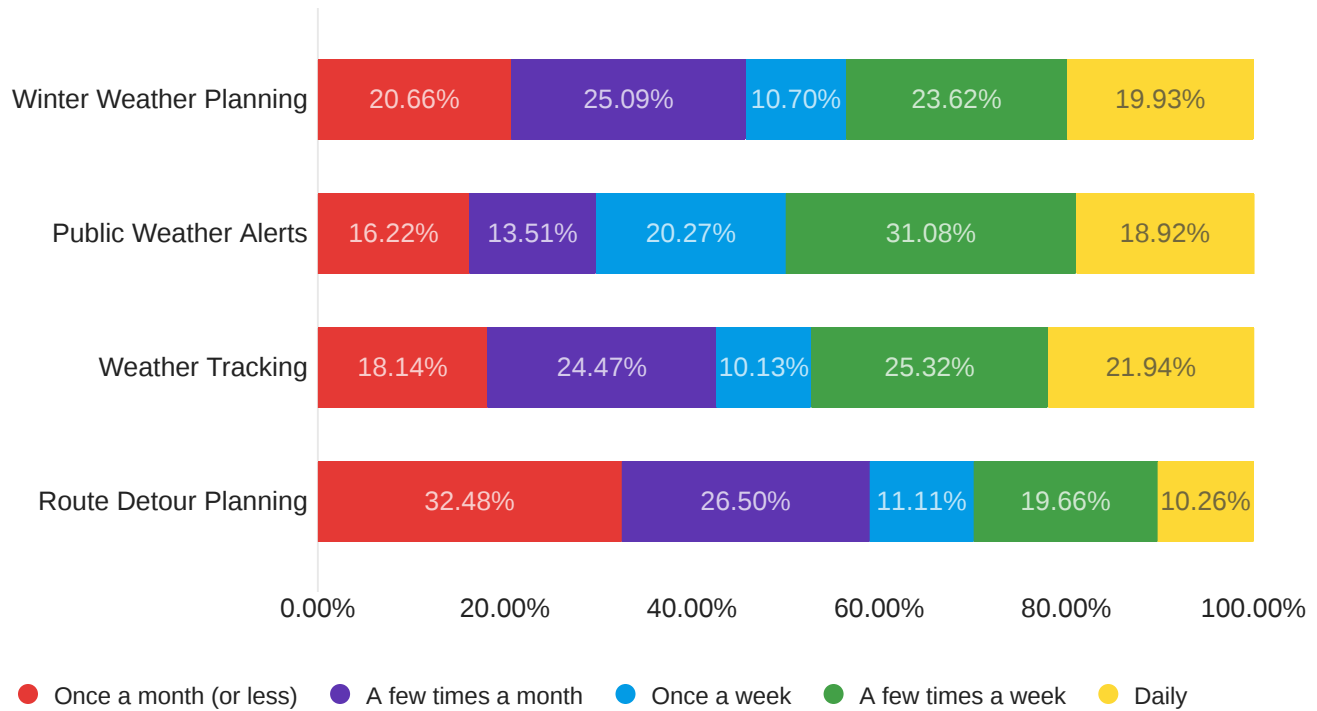

Wind

none

When ever I travel. Not season related.

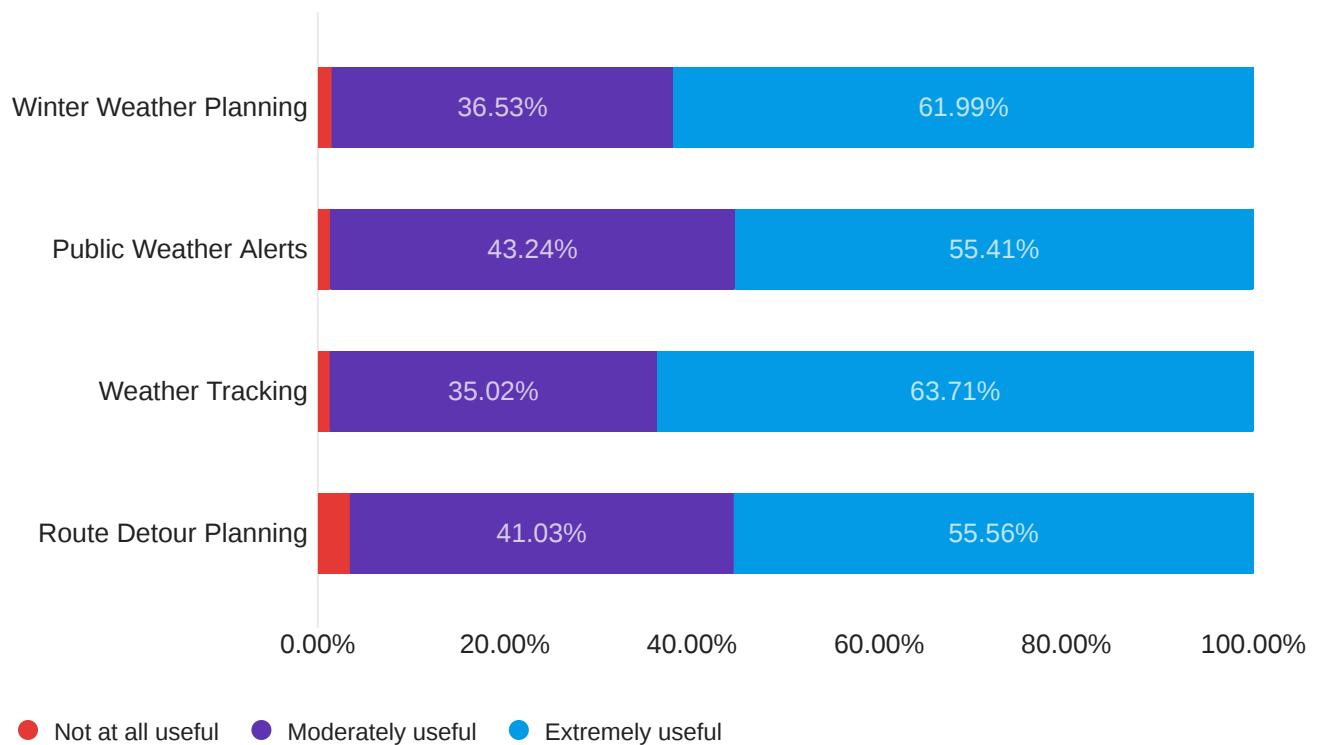

How often you use or have used RWIS data for these purposes?

Again, I didnt know about these. I am not from this state. I tried looking this stuff up once before. It was not easy.

don't have the links to this info readily available on my devices and thus don't utilize them very often

I don't know much about them.

More likely to use if the info is integrated into camera feeds (or in proximity).

There werent any located in my area

I have never really been taught how to use these

Not familiar with it.

I did not know this information was available.

Never knew about them

I did not know we had access to it.

I didn't know the information was available

I did not know they were available to me

I didn't know I could access them

I rely on the weather updates and didn't realize I could use those other sources

I didn't know about them

Unfamiliarity with what is available

I use the Weather Channel to find weather information.

I didn't know it was available

I am not sure how to access the RWIS sites.

I didn't know about them.

was not aware of them

How could RWIS be useful for you?
